

Expo Popup Display

With magnetic graphic hanging kits and high grade silver anodised finish to the structure, the Expo Pop Up is a unique, high quality display product.

Magnetic connection of the graphic support rails to the structure, plus the self-locking magnetic locking rod connectors, make this system simple to erect. Self-locating hanging system with magnetic hangers make it one of the simplest pop up display systems to assemble.

Popup structure available in 3x2, 3x3 and 3x4c options.

Lead time is normally 4-5 days after receipt of order and graphic approval.
